JUGGLING

The art of manipulating more objects than you have hands.

Juggling and prop manipulation includes: balls, rings, scarves, clubs, spinning plates, diablo, and carpets.

CLOWNING

The art of making people laugh. Clowning encompasses acting, physical comedy, stage presence, scripted routines, improv, and voice training.

PERFORMANCE

The art of sharing with an audience. All members of our circus have opportunities to perform.. It is a confidence building opportunity for artistic expression and validation. Performance opportunities range from open studio recitals to audition-only stage productions.

NEW STUDENTS

All new students begin their training with a session in General Circus Arts. In this exciting course, students are immersed in fundamental techniques of all of the circus arts disciplines.

RETURNING STUDENTS

Once students complete a session of General Circus Arts, they advance onto more specialized training in any of the circus arts disciplines of their choosing.

ADVANCED/ PRO-TRACK

Advanced and pre-professional artists are invited to participate in our pro-track program. This intensive program is directed and taught by some of the top circus artists in the field. Participants have access to high-level training and performance opportunities.
